OMAG

Oklahoma Municipal Utility Providers in 2024!

BEING INFORMED – HAVING A VOICE

Why you should join OMUP:

- A clear voice at the legislature and with the public to assure that municipal water issues are understood and addressed.
- Up-to-date information through emails and DRIP GRIPS on water issues, regulations and unique ways of how other communities are dealing with their water issues. These go to all OMUP members to email addresses that they designate (can be several per municipality).
- Coordinated work to meet new EPA and ODEQ regulations.
- OMUP provides a forum to discuss utility concerns and lessons learned thus empowering municipalities to make continuous improvements.
- Municipalities use OMUP to discuss proposed and new federal, state and local regulations that impact our utilities, and how to best implement these rules
- Educational workshops and networking opportunities. Including an annual Water/Environmental Summit. Check the OML website, www.oml.org for details on this year's summit!

We hope that you will join the Oklahoma Municipal Utility Providers (OMUP) to help your community and to support fellow municipalities with current issues. OMUP works to keep cost as low as possible to ensure everyone has the opportunity to be a part of this group. The cost to join is \$50 to \$100 depending on your municipality's population.

Membership applications can be submitted online, at www.oml.org/omup.

For additional information or questions please contact
Jenny Morris (jenny@oml.org)
or at the OML office (800) 324-6651 or (405) 528-7515.
